Life Group Lesson

Week of January 13

It All Began in a Garden

Read: Genesis 1:26-31

Further Study: John 19:28-42, Revelation 1:4-8 and 21:1-9
Zechariah 12:10-14, Hebrews 13:4

Goal: To understand that from the beginning God has pursued you and wants to be in a loving covenant relationship. You are created in God's image and so is your spouse, thus, we must value and honor marriage as it points to Christ. (Note: words like spouse/friend/family can be used interchangeably in most cases)

Before the Video

- Share how you and your spouse met—or, if not married how your parents met?
- Think of a marriage that goes the distance. What does that look like to you?

After the Video

- What myths have you believed about marriage or other relationships?

Digging Into the Bible

- Read Genesis 1:26-31 and insert your name (or you and your spouse's name) in place of the words 'human beings'.
- How does it feel to be made in God's image and be charged with divine authority to govern your life well?

Going Deeper and Action Steps

- In five words (or so) what goal do you desire for your marriage.
- Ask your spouse or friend, "Name one or two things I could do now to show I value you". Write down what she or he says then begin implementing the request.

Prayer Time — Hold hands and pray a blessing over your spouse, or friend.
